NEVADA DEPARTMENT OF TRANSPORTATION
SUPPLEMENTAL NOTICE NO. 1 to RFP NO.027-13-016

Reference is made to the Request for Proposal to Service Providers for **Reno/Sparks FSP** upon which proposals will be received **NO LATER THAN 3:00 P.M., on Friday, March 8, 2013.** Following are questions received and the NDOT responses regarding the above referenced RFP:

QUESTION: Whereas NDOT is seeking a FSP Operator to also implement an FSP sponsorship program and whereas all sponsorship revenue will go directly to NDOT, would NDOT entertain a sponsorship-only proposal directly from sponsorship agency.

ANSWER: NDOT will consider all qualified proposals meeting the requirements specified in the RFP including submittal of the specified cost proposal. Revenue generated from any sponsorship would be paid directly to the Department. To be considered, any firm submitting a proposal, whether or not the firm is a sponsorship agency, will be required to meet the minimum qualifications of the Traffic Incident Management Services Discipline referenced in the RFP.

QUESTION: Is NDOT planning "title" sponsorship treatment similar to those operating in KS, PA and FL (i.e. "State Farm Freeway Service Patrol").

ANSWER: It is the intent of the Department to name the program, "NDOT Freeway Service Patrol" and to identify the sponsor. However, the naming convention may be considered based on the sponsorship proposal and as may be allowed by Nevada laws and regulations.

QUESTION: For feedback from assisted motorists, would NDOT consider the use of a computer tablet (i.e. iPad) and/or an online website for real time processing in addition to a written/mailed response option if provided by the FSP Operator and/or sponsor?

ANSWER: The Department will consider other methods of motorist feedback in addition to a written/mailed response.
