

NEVADA DEPARTMENT OF TRANSPORTATION

CONTRACTOR

BULLETIN

Notice to Contractors

Week of August 5, 2004

Contractors desiring to bid on this work, if not already qualified under the State Law, shall file with the Department of Transportation at Carson City, Nevada, not later than five (5) days prior to the date of opening of bids, a complete application for qualification on forms furnished by the Department.

The right is reserved to reject any or all bids, or to accept the bid deemed best for the interest of the State of Nevada.

Occasionally the Department experiences a week in which there are NO CONTRACTS BEING ADVERTISED. When this occurs, no Contractor Bulletin will be published.

CONTRACTOR

BULLETIN

Notice to Contractors

I-580 PACKAGE B CONTRACTOR PRELIMINARY INFORMATIONAL MEETING

The Nevada Department of Transportation (NDOT) is hosting an Industry Information Meeting for the I-580 Freeway Extension, Package B Project, on August 26, 2004 from 1:00 pm to 5:00 pm at the Best Western Airport Plaza Hotel in Reno, Nevada.

The purpose of the meeting is to present the Department's preliminary project design and to solicit questions and suggestions from the construction community. Questions will be answered via an RFI process. The comments and information conveyed to NDOT cannot and are not guaranteed by NDOT to be accurate. Contractors ultimately submitting bids on the construction project should not rely on the information conveyed by NDOT without independently verifying its accuracy and should rely on the information provided by NDOT through the normal bidding process. NDOT specifically disclaims responsibility for any of the information provided through this RFI process unless the information is issued by NDOT in the contract bidding process itself. Any contractor otherwise relying on the information provided through the RFI process assumes the risk of the accuracy of the information unless otherwise provided by NDOT as stated herein.

The meeting is not mandatory for contractors wishing to bid on the upcoming project. The project is tentatively schedule for advertisement during the second quarter of 2005.

Draft plans, specifications and quantity estimates will be available via CD's approximately two weeks prior to the meeting, details will be posted on the project web site at www.freewayextension.com

Winnemucca Bridge Spans the Centuries

READY FOR ANOTHER CENTURY—Bridge Street in Winnemucca is ready for another century of service, thanks to the rehabilitation project recently completed. At a cost of \$1.46 million, Concrete Placing Co. of Boise essentially rebuilt the bridge except for two concrete and steel-reinforced arches. The original bridge was built in 1910 and was an important crossing for the Humboldt River.

Air Affinity Plate Will Help Rural Economy

What do aviation enthusiasts, registered organ donors, Navy Seabees and supporters of the Las Vegas Springs Preserve all have in common? For one thing, each has the chance to buy an affinity license plate.

Each plate is bought at a premium to support worthy causes, and NDOT staff members were in the forefront to create an aviation license plate that will help fund airport projects. More than 1,000 individuals have committed to buying the plates when they become available later this year.

At \$25 or so per plate, it seems hard to believe that several hundred Nevadans could do much to provide an apron expansion at an airport, new lighting, striping or safety improvements in fueling areas. However, federal matching funds pay for 95 percent of a project. If \$30,000 is raised from license plate fees, improvements can be made at several airports. The improvements, in turn, can have an important effect on the economies of smaller Nevada communities by encouraging aviation.

State of Nevada Department of Transportation Construction Stakeout Manuals	\$7.00 per copy

Checks shall be made payable to the Nevada Department of Transportation.

ON STATE FUNDED PROJECTS:

On State funded projects Contractors and subcontractors are required to hold a valid contractor's license of a class corresponding to the work to be done, in accordance with the provisions of NRS Chapter 624, prior to submitting a bid.

The bidder's attention is directed to the provisions of NRS 338.147 which is summarized as follows: A responsible bidder who at the time of submitting his bid provides a copy of a certificate of eligibility to receive a preference in bidding on public works, issued to him by the State Contractor's Board, shall be deemed to have submitted a better bid than a competing bidder who has not provided a copy of such a valid certificate of eligibility if the amount of his bid is not more than 5% higher than the amount bid by the competing bidder.

ON FEDERAL AID PROJECTS:

On Federal-aid projects Contractors, prequalified by the Nevada Department of Transportation, and subcontractors are not required to be licensed in advance of submitting a bid or having such bid considered. Both Contractors and subcontractors shall obtain a valid contractor's license, in accordance with the provisions of NRS Chapter 624, within 20 days after the contract has been awarded. Execution of the contract by the Contractor shall be deemed a certification that the licensing requirements have been met. Contractors and subcontractors are encouraged to submit applications for licensure to the Nevada State Contractor's Board in advance of contract advertisement.

The Contractor agrees to ensure that disadvantaged business enterprises as defined in 49 CRF, Part 26 Amended have the maximum opportunity to participate in the performance of the contracts and subcontracts financed in whole or in part with Federal funds. The requirements for compliance are contained in subsection 102.03 and 103.02 of the Special Provisions and in the contract provisions appended to the Special Provisions.
