

**TRANSPORTATION NOTICE
PUBLIC INFORMATION MEETING
FOR
I-15/US 93 Garnet Interchange and
US 93 Capacity Improvements**

PURPOSE OF MEETING: The Nevada Department of Transportation (NDOT), in cooperation with the Federal Highway Administration (FHWA), invites you to attend a public information meeting to solicit input for the I-15/US 93 Garnet Interchange and US 93 Capacity Improvements. Proposed improvements include reconstructing the Garnet Interchange (built in 1963), widening US 93 for 5 miles from a two-lane highway to a four-lane divided highway, and creating a two-lane frontage road parallel to US 93. A design-built contract for these improvements was initiated on August 15, 2017, with substantial completion expected at the end of 2018.

PROJECT BENEFITS: The purpose of the proposed improvements is to increase safety and improve traffic operations for both current and future traffic needs. These highways carry an increasing level of freight traffic to and from Northern Nevada, and provide access to adjacent industrial and manufacturing enterprises, such as the Apex Industrial Park. Please visit www.nevadadot.com/projects for more information about this Project.
